

OUR LEGACY

In Maine, the League has defended our democracy and empowered voters for 100 years. We have been a pathway for leadership and civic involvement for thousands of Mainers. We preserved same-day voter registration, and launched the first state-wide Clean Elections and Ranked Choice Voting laws in the nation.

As we look to our next 100 years, we are pioneering new partnerships and programs to build power in underrepresented communities and break down barriers to full participation.

We will build a democracy where everyone votes, and everyone's vote matters.

Become a part of the movement.

EVERYONE VOTES

We will increase voter turnout by working with marginalized communities, especially young people, immigrants and low-income workers. We will register students and new citizens to vote, canvass through our Neighbor-to-Neighbor program, and publish a non-partisan voter guide that reaches 100,000 Mainers.

EVERYONE'S VOTE MATTERS

We will continue to fight for election security, meaningful choices, and representation that isn't distorted by big money. We are coordinating a Census outreach effort in hard-to-count communities to ensure fair redistricting and equitable distribution of federal resources. We will push for a ban on corporate contributions to candidates so that they represent voters, not donors. We will continue to advocate for Maine to join the national popular vote compact because every vote for a presidential candidate matters.
