

## OUR LEGACY

The League of Women Voters of Maine has defended our democracy and the rights of voters for over 100 years. We preserved same-day voter registration and launched the first state-wide Clean Elections and Ranked Choice Voting laws in the nation.

We are pioneering new coalitions with other pro-democracy organizations and building power in underrepresented communities.

Our goal will always be to break down barriers and increase voter participation. We will build a democracy where everyone votes, and everyone's vote matters.

**WE ARE A  
POWERFUL,  
ON THE GROUND  
ORGANIZATION**

## EVERYONE VOTES

We're working to increase voter turnout by going directly to marginalized communities, especially young people, immigrants and low-income workers. We register students and new citizens to vote, canvass through our Neighbor to Neighbor program, and publish a nonpartisan voter guide that reaches 100,000 Mainers.

## EVERYONE'S VOTE MATTERS

We continue to fight for election integrity and security, expanding voting rights, and representation that isn't distorted by big money. We advocate for Maine to join the National Popular Vote compact because every vote for a presidential candidate matters. We provide citizens with support and grassroots power who want to adopt Ranked Choice Voting for their local elections. We stand with Wabanaki tribes and their long fight for sovereignty.

## THE PERKS

Membership in the League of Women Voters is open to people of all genders, backgrounds, and political beliefs who are age 16 or older and who agree with our foundational principles.

We are a nationally federated organization. Membership signs you up to join the League of Women Voters of the U.S., the League of Women Voters of Maine, and the local league nearest to your town.

Your support boosts our local grassroots action. Plus, membership grants you access to our entire League community and resources. As a member, you'll help us shape and determine our policy positions and the future of the organization.
