

POLICY ON DIVERSITY, EQUITY, AND INCLUSION
Approved by the Boards of Directors May 16, 2020

League of Women Voters of Maine (LWVME), LWVME Education Fund, Maine Citizens for Clean Elections (MCCE), and MCCE Action (the organizations) are fully committed to diversity, equity, and inclusion in principle and in practice. Diversity, equity, and inclusion are central to the organizations' current and future success in engaging all individuals, households, communities, and policy makers in creating a more perfect democracy.

The organizations have no barriers to full participation and strive to ensure a sense of belonging for everyone. They embrace differences in age, race, origin, socio-economic status, political affiliation, gender identity and expression, ability, language, health, religion, sexual identity, veteran status, and all other characteristics that make our members unique.

The boards of directors of the organizations will annually set goals and evaluate progress toward achieving diversity, equity and inclusion in their programming and governance.
